## WORK EXPERIENCE

---

**Shoppers Drug Mart**  
*Analyst*

January 2007 to March 2007

I was responsible for populating the Lawson database and creating test scripts in the Strategic Procurement Project.

**Rundle Sales, Toronto, Canada**  
*Sales Associate*

August 2006 to September 2006

I was responsible for promoting and selling puzzles at the 2006 CNE. Although this was my first time working in the retail industry, I was able to match sales record set by previous professional sales associates that sold the same product. In addition, I came up with innovative ways to facilitate and simplify bookkeeping duties.

**Hong Kong Cricket Club, Hong Kong, China**  
*Recreation Assistant*

March 2006 to May 2006

I was responsible for managing and organizing documents in the gym office, general housekeeping duties in the Club's Sports Annex, and librarian duties in the Club's Video Library. I also helped design graphics for the Club's Bootcamp exercise program.

**Hong Kong Cricket Club, Hong Kong, China**  
*Waiter/Barman*

February 2006 to March 2006

I was responsible for serving food and beverages to the Club's members at four of seven food and beverage outlets at the Club. Apart from learning and developing technical skills such as mixing cocktails and making various types of coffee, I improved my communication and people skills as well as adapting to an ever changing environment.

**Ontario Power Generation, Toronto, Canada**  
*Student Internship*

May 2001 to December 2001

I was responsible for developing test scripts and diagnostic tools for the new Safety Shutdown System 2 (SDS2) at Darlington Nuclear Power Generating Station. Besides developing my technical skills, I had hands-on experience working in a team and in a corporate environment.

**Oriental Overseas Container Line, Hong Kong, China**  
*Student Internship*

June 2000 to August 2000

I was responsible for evaluating a new network diagnostic software suite for the IT department and preparing network schematics for the entire OOCL global computer network. I gained invaluable experience through hosting group meetings and through liaison with a software vendor from outside the company.
